## 6th March: The future of cardiac diagnostics & treatment

8:30 - 9:00 h Registration - Networking coffee

9:00 - 9:15 h **Welcome address**

Germán Barraqueta. *Territorial Director of Private Catalonia and Aragon Hospitals. Quirónsalud.*

José Luis Simón. *Manager. Centro Médico Teknon. Quirónsalud.*

Gerhard Hindricks. *Director of Electrophysiology. Leipzig Heart Institute.*

Xavier Ruyra. *Director. Heart Institute Quirónsalud Teknon.*

Antonio Berruezo. *Head of Research and Innovation. Heart Institute Quirónsalud Teknon.*

9:15 - 10:00 h **Keynote lecture: Digitalization in Medicine, the benefits and limitations of digital innovation in cardiology research and practice.**

Mintu Turakhia, *Center for Digital Health, Stanford University, USA. Executive Director.*

10:00 - 11:15 h **PANEL DISCUSSION 1:  
Atrial Fibrillation Ablation and Cardioembolic Protection.**

**Moderators:** Lluís Mont (*Head of Arrhythmia Department, Hospital Clínic Barcelona and Heart Institute Quirónsalud Teknon*) and Ángel Moya (*Head of Cardiology Department. Hospital Universitari Dexeus*).

- **New technologies for percutaneous and transcatheter treatment of cardiac arrhythmias.** Gerhard Hindricks. *Leipzig Heart Institute. Director of Electrophysiology.*
- **Atrial fibrillation ablation in Teknon Medical Center. Results of the Ablate-by-LAW, Single Center experience and beyond.** Antonio Berruezo. *Heart Institute Quirónsalud Teknon. Head of Arrhythmia Department.*
- **Combined AF ablation and left atrial appendage closure. Initial experience at Teknon Heart Institute.** Gustavo Jiménez. *Heart Institute Quirónsalud Teknon. Associate doctor. Interventional Cardiology.*
- **How imaging can help in LAA closure?** Alejandro Panaro. *Heart Institute Quirónsalud Teknon. Associate doctor. Cardiac Imaging Unit.*

11:15 - 11:30 h Coffee-break

11:30 - 12:45 h

**PANEL DISCUSSION 2:  
The best choice for the best treatment in aortic stenosis.**

**Moderators:** Xavier Ruyra (*Director of Heart Institute Quirónsalud Teknon*) and Pilar Tornos (*Chief Doctor in Cardiology Hospital Quirónsalud Barcelona*).

- **Computed Tomography for all patients? Features to be evaluated in native valves and biological prosthesis.** Julio Carballo. *Heart Institute Quirónsalud Teknon. Head of Cardiology Department.*
- **Attractive TAVI cases, which valve for which patient?** Holger Thiele. *Leipzig Heart Institute. Director of Cardiology Department.*
- **Minimally invasive aortic valve replacement with sutureless valve.** Eduard Permanyer. *Heart Institute Quirónsalud Teknon. Associate doctor. Cardiac Surgery Department.*
- **Valve therapies: now and for the next decade.** Michael Borger. *Leipzig Heart Institute. Director of Cardiac Surgery.*

12:45 - 14:00 h

**PANEL DISCUSSION 3:  
Last trends in cardiac research**

**Moderators:** José Ángel Cabrera (*Head of Cardiology Department. Hospital Universitario Quirónsalud Madrid*) and Josep Brugada (*Cardiovascular Institute, Hospital Clínic Barcelona, Hospital Sant Joan de Déu and Heart Institute Quirónsalud Teknon*).

- **Changing paradigms in clinical and scientific medicine: role of real-world evidence.** Ralf Kühlen. *Helios Health. Chief Medical Officer.*
- **Fighting sudden cardiac death: RESET CRT, PROFID and beyond.** Nikolaos Dagres. *Leipzig Heart Institute. Head of clinical trials.*
- **Quirónsalud cardiovascular network: A successful example of excellence in clinical research.** Gonzalo Pizarro. *Hospital Ruber Juan Bravo & CNIC. Associate Chief of Cardiology.*
- **Research projects in arrhythmias at Teknon Heart Institute.** Diego Penela. *Heart Institute Quirónsalud Teknon. Associate doctor. Arrhythmia Department.*

14:00 - 14:30 h Cocktail

**Registration and information**
